## PROFILE

Senior Compositor working in the industry since the last 5 years. Creative, passionate and proactive best describes my personality. My ambition for growth is backed by my undeniable dedication and perseverance. I have experience in live action for both Feature Film & High-end TV Series capacities. I have worked on shots of all levels of complexities. From green/blue screen extractions, set extensions to photorealistic complex CG Compositing, While having dabbled in all different types of shots I also include creative inputs and practical world understanding, while keeping the bigger picture of the sequence continuity in mind.
